### What people are saying about us:

They have been brilliant throughout the whole process - incredibly helpful and made us think of things we hadn't considered.

The whole process has been smooth running, the people have all being very professional and approachable, and the advice and support has been invaluable.

What I needed was access to funds to build stock to deliver my service and that's exactly what the LSBC provided.

Very good, very helpful, got back to me quickly, much better than a bank, thorough, efficient, friendly and non-threatening.

I feel really supported.

We are so happy with the service and grateful for having the opportunity to make a successful business.
